

# The Education You MUST Have to Give Yourself the Chance for Sustainable, Powerful Returns from Your Options Trading.....

.....Offering unique flexibility and incredible value that fits your time and your pocket

Take advantage of this limited one-off opportunity AND accelerate your progress further by adding your mentored component

We are offering you an incredible opportunity to access an options course delivered straight to your computer for 10 quality-packed learning weeks

Your 10 week programme will include:

- 10 week options course – A webinar a week (1.5hrs)
- Opportunity to review webinars on-line so you can review again and again
- Support materials for each session
- Optional Extra webinar – revision of the nature of options
- Course virtual trading blog
- 2 formal knowledge 'marked' assessments

## Course Content

Your course sessions will include:

- Your Foundation options trading plan
- Buying calls for profit
- 6 skills of the covered call seller
- Buying puts to make money in a down market
- Selling calls and puts for income
- Bullish spread positions
- Bearish spread positions
- Straddles and strangles
- Options position sizing
- Index options trading

And when you choose the mentored option you also get:

- A 15-minute weekly accountability call with your coach
- Email support for review of weekly 'homework' and trading plans
- 83 point trading health check
